

PET SITTING SERVICES

Locksmith Release

Kozy Pawz Pet Sitting LLC will be taking care of my pets while I'm away. It is essential that a representative of this company be permitted entry into my house. I give you permission to handle any issues with broken keys or locks on my property. In the case that a sitter needs to hire a locksmith to enter a client's property because the client failed to leave a key or the lock or key malfunctioned, the customer is responsible for paying all associated charges. In the event of the aforementioned circumstances, the Client expressly grants the pet sitter/company the right to hire a locksmith on the Client's behalf.
